

MATRiX

CONCRETE PRODUCTS

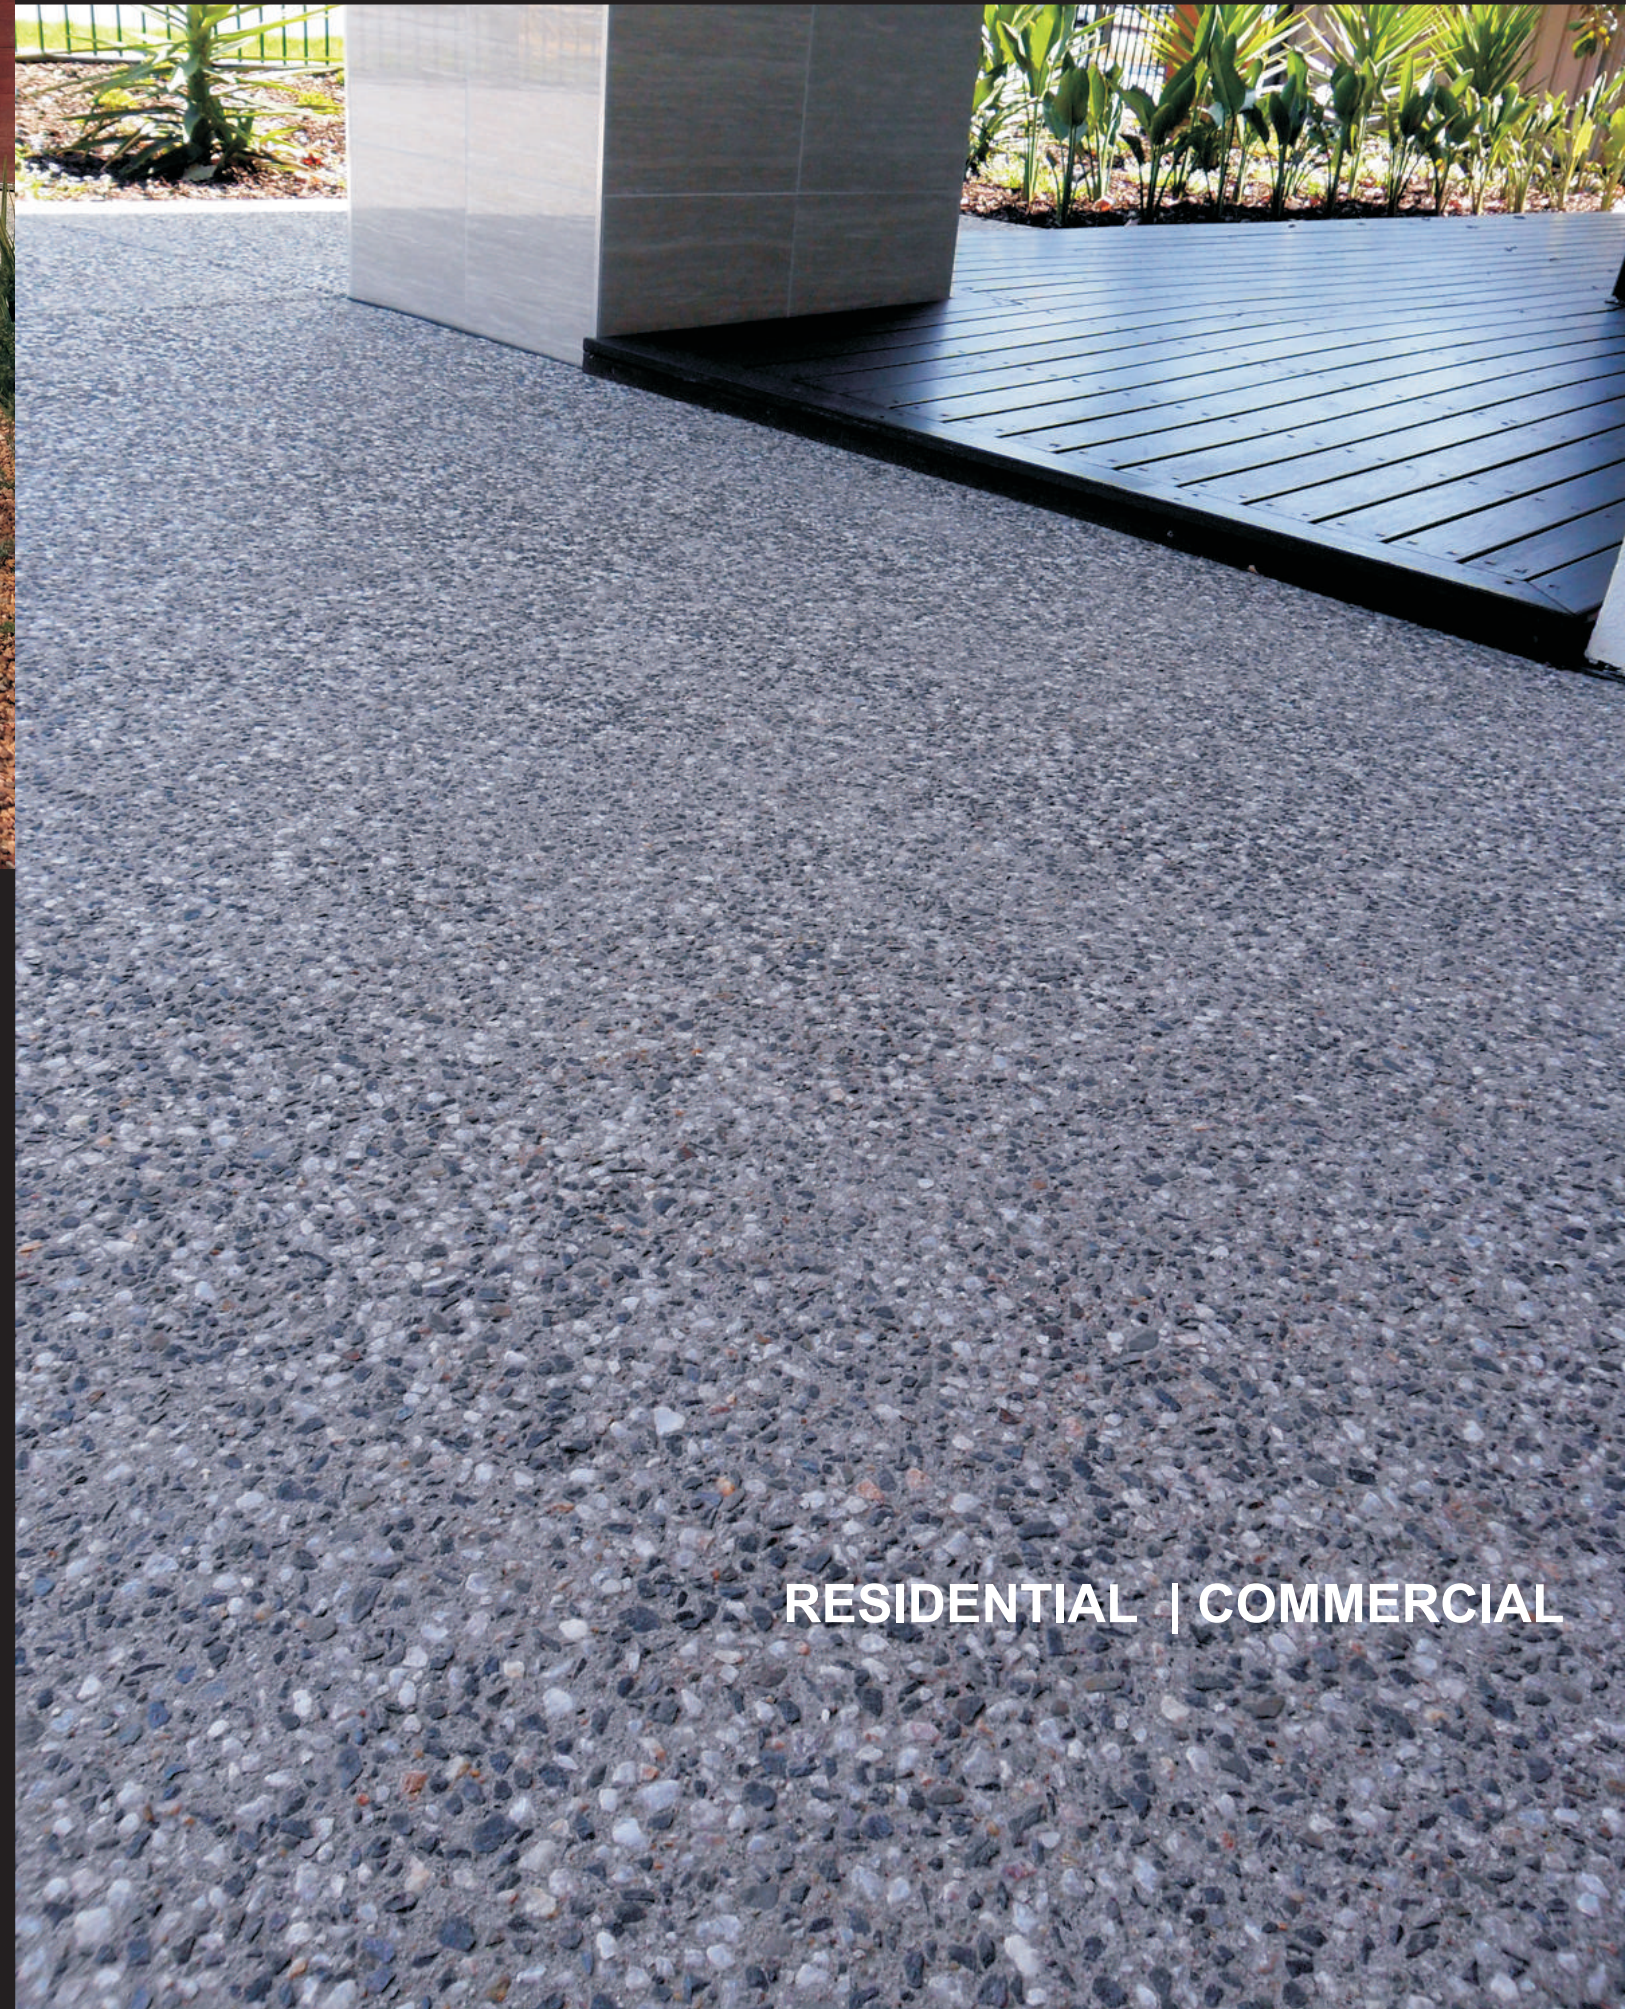

With over 30 years' experience in landscaping and design, the Matrix range of concrete products is the latest in concrete design solutions. With a large number of residential and commercial projects completed by our team of specialists, no project is too large or small.

We pride ourselves on the quality and consistency of our products and ensure compliance with AS1397. Our products are specialised, using only Australian natural materials incorporating recycled rubble bases.

We offer competitive builder direct prices on all our Matrix range of concrete products, ensuring we deliver not only a high quality product but value to the client.

Our diverse range in concrete products ensures you are able to select the product and design that best suits your project.

MATRiX

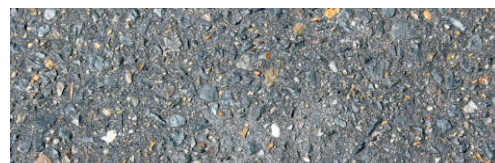

RANGE IN CONCRETE PRODUCTS . . .

PEBBLECRETE

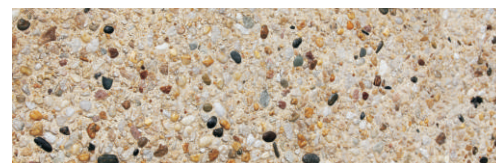

Matrix Pebblecrete is an exposed aggregate concrete. It is a decorative style of concrete suitable for driveways, pool surrounds, landscaping, outdoor entertaining areas, parks and gardens, subdivision and community areas.

A range of coloured aggregates are available including black, charcoal, gold, browns, lighter colours and more. Exposed aggregates are very strong and can be used on sloping landscapes.

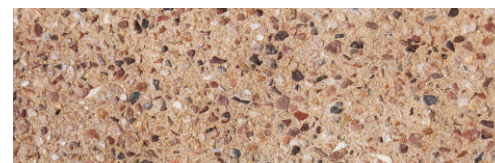

Matrix Pebblecrete is durable against the harshest of climates. It is stylish, versatile in design and easy to maintain. With a large range of stones and colours available, you are able to create a style that suits your design.

HONEDFINISHES

Matrix Honed Finishes is the same aggregate as Matrix Pebblecrete however differs in its finish. Honing gives concrete a smooth matt finish by grinding the concrete surface and exposing the aggregates resulting in a durable and attractive product.

A range of coloured aggregates are available including black, charcoal, gold, browns, lighter colours and more. This product can be used in a variety of applications such as pool surrounds, landscaping, outdoor entertaining areas, parks and gardens, subdivision and community areas.
